Dear Gene,

Here are just a few things we have to share with you about our Big Fun Certification and Big Fun Program at Next Level Gymnastics in Midland, TX.

From Matt Koffel:

Gene's Big Fun Certification is the most informative coaching education program I have ever been a part of. It has improved my coaching with **all** of my athletes. The Big Fun Program has broken down barriers for every child in our gym.

From Amy Mann:

In today's economy we were searching for something to set us apart from any other children's sports program in our community. Gene's Big Fun Certification helped us achieve that goal. We have seen our return on our investment in more ways than we could ever imagine. What we have seen our kids do in the gym thanks to Gene's program is nothing short of amazing.

In short:

Over all, the Big Fun Certification and Big Fun program does exactly what Gene has set out to accomplish for children with "special gifts." Parents have come to us asking if they will ever crawl or walk even stop getting in trouble in school. Thanks to Gene and Big Fun, we have been able to show all of our kids, even team that they can. We have team kids cheering for a boy with limb difference learning to jump on trampoline, or one of our little super girls standing for the first time saying "ta-da."

The Big Fun approach works wonders on even our class kids up to our team kids. They think they are getting a 'fun' day and yet as coaches we get to see areas to help them in everyday practice and life.

Thank you for honoring us with the opportunity to learn from you and bring Big Fun to even more deserving children. You are a blessing to so many children.

Amy Mann & Matt Koffel
